IGT Transferring Entity's representative will complete all fields on the associated "IGT Data" tab of this document. Certifier may utilize the drop-down box if available or fill in the blank with the required identifiers and data. The IGT Transferring Entity's representative will complete the "Provider" portion chart for any and all providers it is sponsoring. If data for more than 10 providers are to be submitted, certifier may add additional provider lines.

The purpose of this form is for governmental entities to declare the amounts they intend to IGT for use as the state share of RAPPS funding. The amount that is declared is non-binding; however, the declaration amount gives HHSC a valuable estimate of expected IGT amounts across the program. The non-federal share of all RAPPS payments is funded through IGTs from sponsoring governmental entities. This form is due by May 25, 2022.

Per Title 1 of the Texas Administrative Code (TAC) §353.1315(g)(3): HHSC will issue an IGT notification to specify the date that IGT is requested to be transferred, no fewer than 14 business days before IGT transfers are due. The IGT notification will instruct sponsoring governmental entities as to the required IGT amounts. Required IGT amounts will include all costs associated with RHC payments and rate increases, including costs associated with MCO premium taxes, risk margin, and administration, plus ten percent.
